## Latest Developments

Palestinian refugee “Khetam Saeed Ghoneim” died on Wednesday 07-02-2018, after Syrian aircrafts bombarded the residential neighborhoods in the city of Doma, in the Ghouta region, in the suburbs of Damascus, killing 14 civilians and large destruction of the properties.

The Action Group documented the death of 1149 Palestinian victims due to the bombardments of the Syrian regime, since the beginning of the war in Syria.

In the meantime, our correspondent in south Syria reported that ISIS bombarded the town of Muzayrib with an artillery shell, confirming that it did not explode. The shell fell onto the highway cemetery without injuries.

In the same context, the Military Council of the armed opposition in the town of Muzayrib issued an official statement, in which it imposed a curfew on the residents, because of the security tension in the area amid ISIS’s attempts to storm into the town and its launching of surprise attacks on the armed opposition forces’ sites.

Members of ISIS launched a surprise attack last Wednesday, on the town of Hayt in the Yarmouk Basin. This came in conjunction with the break out of violent clashes between the armed Syrian opposition and ISIS, in which all types of light, medium and heavy weapons were used, including artillery and rocket launchers.

The armed Syrian opposition factions in Muzayrib imposed a night curfew on 24-01-2018, in an attempt to reduce the incidence of kidnappings and theft in the town. The curfew began at 9 pm and ended at 5 am.

The suffering of the residents of Muzayrib continues in general, and approximately 1700 Palestinian families in particular, are complaining of extremely harsh living conditions, especially with the approach of winter, the lack of aid, the expensive prices and the widespread of unemployment among them, resulting from the ongoing conflict in Syria.

In a similar context, the Action Group's correspondent reported the news of the kidnapping of the Palestinian refugee, "Karim Awad Mufleh," by a group of unknown men, from the town of Muzayrib in Deraa, south Syria.

The Action Group's reporter said that Mufleh was kidnapped five days ago, with a young, Syrian nationality holder, from the town of Muzayrib, and there is no news of him until now.

Murders, assassinations and kidnappings have become an obsession that haunt the residents of the town of Muzayrib, due to their great repetition in the recent past. The armed Syrian

opposition factions in the town of Muzayrib imposed a night curfew on 24-01-2018, in an attempt to reduce the spread of kidnapping and theft incidents in the town, applying the curfew from 9pm to 5am.

Meanwhile, the Action Group's correspondent reported that members of 'Hayat Tahrir Al-Sham' carried out a surprise attack on Wednesday-Thursday night, on the Charitable Association for Palestine's building, "Al-Malkeya School," which is under ISIS's control in Yarmouk camp, killing four members of ISIS.

Yarmouk camp is witnessing a state of anxiety and tension, as a result of ongoing clashes between 'Hayat Tahrir Al-Sham' and ISIS, which launched a surprise attack on 14th of January 2018, on the members of 'Hayat Tahrir Al-Sham' in the west of Yarmouk camp. The attack resulted in ISIS taking control over the headquarters of the Palestinian Charitable Association, Abd Al-Qader Al-Hossini School and a nursery adjacent to the Abd Al-Qader Al-Hossini School, which belongs to 'Hayat Tahrir Al-Sham.' Five members of 'Hayat Tahrir Al-Sham' were killed and three others injured during the attack.

ISIS also targeted the area surrounding the Zeid ibn Khattab Mosque located in the west of Yarmouk camp, on 04-02-2018 with a number of mortar shells, causing material damage. This came in conjunction with ISIS's bombing of a residential building in Haifa Street with rocket-propelled grenades, that completely ignited the building.

## Local Work Committees

The “Jafra Foundation for Relief and Youth Development” in south Damascus, honoured the excellent students in the first grade at all levels of study in the Ouda Alternative School. The Foundation distributed awards and games to motivate all students to develop their level of study in the second semester.

It should be noted that the conflict in Syria has greatly limited the opportunities for young people and children to have access to education. The fear of arrest or physical liquidation among many of the high school students, is one of the prominent obstacles obstructing the movement of education among the youth and prevents them from applying for public examinations.
