Recent Updates in the Yarmouk Camp

Sporadic clashes broke out yesterday between Aknaf brigades alongside youth groups and ISIS groups, where Aknaf imposed control at new sites in the vicinity of Loubia Street following these clashes.

ISIS groups withdraw towards Al Hajar Al Aswad area adjacent to Yarmouk and delivered some of its sites to Al Nusar Front.

On the other hand, the health conditions inside the camp were deteriorated after the loss of medical supplies several days ago, while any international body could not enter any emergency medical aid to the camp so far.

On the same context, the camp is on the edge of a severe food crisis due to the stop of entering any food aid for more than two weeks to the besieged residents. It is worth mentioning that the camp was suffering mainly from the suffocating siege imposed by the regular army and PFGC groups over two years ago that killed (175) refugees due to starvation and lack of medical care in Yarmouk.

Many residents and relief activists inside the camp renewed their refusal towards any military intervention because of the danger it posed

to the lives of about "18" thousand civilians inside the besieged camp.

One of the explosive barrels targeted Yarmouk camp

On the other hand, media reported conflicting news issued by PLO members between support and rejection of a military solution in the Yarmouk refugee camp.

Nairab Camp- Aleppo

Pro-Syrian regime groups seized houses of three expatriate families of Nairab Camp, as they expelled the three families despite the intervention of the governor of Aleppo giving orders of not expelling any family who were emigrated or those who are affiliated to the Syrian opposition out of their houses.

Nairab Camp

The intervention of the governor came after appeals by relatives of those families while the pro-Syrian groups responded to the orders of the governor and the police commander in Aleppo in the first phase, but soon they broke the orders and seized their homes. Seizing three homes caused anxiety to the relatives of the families, especially that some of them are affiliated to the regime and a number of their sons are fighting with pro-Regime al-Quds Brigade. Adnan Sayyed, one of the leaders of al-Quds Brigade in Neirab camp, posted on his website, a decision to seize the

expat homes and threatened that he would not allow the return of those families from the sons of Neirab to their camp in the future. The threats came after the messages of pray for mercy and condolence by the expatriate families following the death of Obada Dahoudi who was fighting in the armed opposition, as Mr. Sayyed accused each of the merciless of treason.

Interactions with Yarmouk Camp

Hundreds of Palestinians of Syrian, the Arab Community members and the Turkish People participated in the solidarity sit-in that was organized by Arab and Turkish organizations in solidarity with Yarmouk camp after Friday prayer in front of Fatih Mosque in Istanbul Turkey.

In a related context, the displaced Palestinians of Syria refugees in Sedi Faraj camp in Algeria organized a solidarity sit-in with the besieged residents of Yarmouk Camp southern of Damascus. The Protestors raised banners that demand to stop the killing inside the camp and to open a safe pathway to enter water, food and medicine to the camp and getting the residents out of the killing circle. They also appealed the Arab League and the United Nations to protect the Palestinian camps and to rescue the Palestinian people and they also condemn the ISIS incursion to Yarmouk Camp.
