*The Palestinian refugee Abdulrahman Jubran, 25 years died due to torture in the prisons of the Syrian regime after being detained for more than a year. The news of his death was reported by a released detainee, while the AGPS could not assure the news from other resources.*

### **Recent Updates**

*Tens of residents of the Yarmouk refugee camp south of Damascus carried out solidarity demonstrations with Deraa and Khan AL Shieh camps which are being subjected to frequent shelling with missiles and explosive barrels. Residents of Yarmouk expressed their solidarity with the family of the child Muneir Hajeina who died by a gun shot in Beirut during a funeral of a member of the Lebanese Hezbollah.*

*A state of quietness prevailed among the camp since of the beginning of the Holy month of Ramadan, while the humanitarian situation is deteriorating due to the stoppage of entering food aid and the continuous cut of power and water for several months all over the camp.*

*Meanwhile, the AGPS received news reported that ISIS and Al Nusra Front are stealing the assets of Jennen sports club and transfer it to the adjacent neighborhood of AL Hajar Al Aswad.*

*Meanwhile, Syrian authorities ended building and installation of the iron fence that separates between the neighborhoods of Al Aedein camp in Homs, university mass, and university campus at the western side, and neighborhoods of Al Waleed suburb, Ikrima, and Wadi Al Thahabin the eastern region*

#### ***Al Aedein camp in Homs***

*The fence is to be along Al Sham way, starting from Tadmor square till Al Timthal square at Al Jesser crossing and Al Hadara Street without any service corridors between the two sides.*

*Our correspondent confirmed that the iron fence put new obstacles to communication between residents and their relatives in neighboring areas, where they became forced to go to the south across Tadmor crossing to return to Damascus Road, which doubles transportation costs, especially on students, employees, and residents who have a review with UNRWA dispensary and Bisan hospital.*

*He pointed out that the fence would adversely affect the shopkeepers in the eastern neighborhoods, who may lose all of their customers from the west. About the reasons of building such fence, our correspondent noted that the reason is related to security in order to ensure protection of neighborhoods of the eastern region loyal to the regime.*

*In the meantime, residents of Al Aedein camp in Hama, who receive a large number of displaced families from various camps and cities of Damascus, Aleppo, Idlib, Hama suburb, Deir Al Zour, AL Riga, Deraa, and Latakia, are living a state of relative calm compared to the rest of the Palestinian refugee camps in Syria,*

*However, they suffer from a strict security cordon imposed by the regular army at the entrances and exits of the camp, in addition to raids and arrests campaigns carried out by the regular army between now and then.*

*In terms of the economic side, residents are complaining of unemployment spread due to the tense security situation, which cast a shadow on them, who are mostly lost their work and become completely dependent on relief aid that is distributed between now and then.*
